

AHC HOUSING ON 6TH

The HIDI Group provided mechanical and electrical design services for an 83-unit affordable housing development at 6th Avenue and 9th Street SW in Calgary. This project, designed by the architecture firm Riddell Kurczabas, spans approximately 40,400 square feet.

The six-story building composed entirely of modular constructed suites, fabricated by ATCO at their Calgary facility. The AHC development will significantly increase the much needed availability of affordable housing in the Calgary area.
